

# Consultation Document July 2018

The Allotment Tenant Self-  
Management Proposal

# The Allotments Tenant Self-Management Proposal

## Scope of Proposal

This proposal applies to the Harrison Street allotments and garage sites managed by Briercliffe with Extwistle Parish Council. It does not include garages in Council ownership or storage containers.

Other allotments sites within the district are owned and managed either by the Borough, Town or Parish Councils, or are in private ownership. This Proposal does not apply to these sites.

## Aims of Proposal

- To improve the management of the allotments for plot holders, neighbours and residents by transferring some of the Council's Allotment functions to a tenant run group
- To allow tenants to address long waiting lists and high demand for allotments plots
- To set an agreed 'Management Proposal' for Allotments and Garages
- To ensure that the allotments service is totally funded by those who use the service

## Background

Briercliffe with Extwistle Parish Council manages the Harrison Street allotment site, Garage Site and the Turning Circle Garage site, there are also a small number of individual garages throughout the Parish.

Historically the Council has managed the Allotments through a delegated Allotment Committee and a volunteer Allotment Manager. The position of Allotment Manager is currently vacant.

The Council has previously resolved that all funding collected by means of the Allotment rents would be used to maintain the Allotments.

There are a number of outstanding issues of maintenance such as drainage, pathways, hedging, grass cutting and perimeter fences. There are insufficient funds available to carry out all required maintenance and a priority system has been used.

## Briercliffe with Extwistle Council Allotments Proposal

Briercliffe with Extwistle Parish Council will retain the right to update the Allotments Self-Management Proposal at a time of its choosing in line with Briercliffe with Extwistle Parish Council procedures, after full consultation with tenants.

### 1. Management of Allotments

The Management of the Allotments could be transferred to a tenant's group, this could be the pre-existing Allotment Association or a newly constituted group for this purposes, the group will be referred to as the Forum.

#### **Proposal Statement 1 – Transferred Authority**

Briercliffe with Extwistle Parish Council is looking to transfer management of the Allotments to a Forum. This could be through the existing Allotment society or a new group. A new group would need to agree:

- A constitution;
- A structure such as officers and number of Forum members;
- A membership system, this should at least be limited to allotment tenants only in the first instance;
- Where to meet, the Community centre would be available for the group to use at the standard cost or an alternative venue could be sought
- Frequency of meetings;
- Format of meetings.

Briercliffe with Extwistle Parish Council cannot delegate any of its statutory functions to a Forum, it can however allow the Forum to run the day to day functions of the Allotments. Financial decisions are a statutory function and cannot be delegated, however the prioritisation of financial spend can be recommended from the Forum.

#### **Proposal Statement 2 – Self Managed Authority**

The Forum may take on any or all of the following functions:

- Collection of the Annual rent, to be paid over to the Council;
- Management of the waiting list, new allotment applications and agree tenant lettings to plots;
- Prioritisation of allotment maintenance requirements up to the maximum of the budget allocated;

- Settle disputes on the allotments;
- Carry out allotment site inspections and send out requirement letters;
- Approve requests for sheds and huts and other allotment structures;
- Deal with all allotment enquiries;
- Maintain the allotment tenant's data for rent purposes;
- Set the rent levels each year with 12 months' notice for increases;
- Apply for external funding grants to increase the budget and carry out major works;
- Agree amendments to allotment plots, such as splitting or combining plots;
- Ensuring allotment tenancies and policies are adhered to;
- Terminate tenancies that are in clear breach such as non-payment of rent or failure to follow requirements with sufficient notice.

## 2. Management of applications, waiting lists and new tenancies

Applicants for allotment plots would be made directly to the Forum

### **Proposal Statement 3 – Application, Waiting List and New Tenancy Management**

Application is by the formal application form only, no other format of application is permitted. The Application form should be returned to the Forum for inclusion on the waiting list. Applications returned to the Clerk will be accepted, but only included on the waiting list once transferred to the Forum.

It is not permitted for an applicant to apply for a plot if he or she is not intending to be the main user – unless the applicant is representing a group, charity or organisation.

Waiting lists are sorted on a strictly “first come, first served” basis. New applicants will be added to the bottom of a waiting list. No priority will be given to applicants representing a group, charity or organisation.

When a plot becomes vacant, an offer will be made by the Forum, in writing, to the applicant who is at the top of the waiting list and applied in this order of priority.

Evicted plot holders may not reapply for an allotment plot for a period of 5 years. Evicted plot holders who reapply will only be included on the waiting list after a decision is made by the Forum.

The Forum will judge each application for eligibility for inclusion on the Waiting List. There will be an appeals process to the Council.

If an offer of tenancy is rejected, the applicant can choose to remain at the top of the waiting list. If no response to the offer is received the applicant will be removed from the waiting list. After three offers for tenancy are rejected, the applicant will be removed from the waiting list, the applicant can provide a new application for an allotment and re-join the bottom of the waiting list. In exceptional circumstances the applicant can appeal to remain at the top of the waiting list, in writing, to the Forum.

The Forum will periodically contact applicants on the waiting list and remove those who are no longer interested or eligible, or who do not reply.

#### **Proposal Statement 4 – Finances**

The Council can reclaim the VAT on non-business expenditure. Allotment expenditure is deemed to be non-business and VAT is reclaimed. The Forum would not have the ability to reclaim VAT. Therefore the Forum would collect the Annual Rents from all Allotments and non-Council owned garages and transfer this to the Council. The total rent collected would form the Allotment Budget for that financial year. Any non-collected rents would not be included in the budget.

The Forum would then agree the priority maintenance work to be carried out from this budget up to the maximum amount of the total rents collected and report this to the Council. The Council orders this work and pays the invoices.

The Forum would have exclusive rights to the total Allotment Lengthsman days allocated and provide instructions directly to the Lengthsman for the priorities to be carried out up to the maximum number of days allocated. The Forum would sign off that the work has been carried out to their satisfaction. Once signed off by the Forum, the Lengthsman would invoice and be paid by the Council for these days.

Any outstanding amounts at the financial year end would transfer to the next year's allotment budget.

The Forum can apply to the Council for additional funding, any additional funding above the allocated allotment budget would be at the discretion of the Council.

The Forum would be responsible for all the day-to-day management of the Allotments.

#### **Proposal Statement 5 – dealing with issues**

The Forum would deal with all allotment enquires and deal with all issues on the Allotments. Decisions made may be delegated to a sub-committee of the Forum for example a dispute resolution committee that investigates and

determines the outcome of disputes.

There is a right of appeal of all Allotment Forum decisions to the Council.

### **Proposal Statement 6 – Retained by the Council**

Some functions would remain with the Council, these include:

- Ordering and paying for work to be carried out, excluding the allocated Allotment Lengthsman Days. These are directly ordered by the forum, but paid by the Council once the Forum agrees the work has been carried out;
- Setting new and amending existing Allotment Policies, in consultation with the Forum;
- Setting the terms of the tenancy agreements;, in consultation with the Forum;
- Managing the Allotment Budget and ensuring work remains within the budget;
- Oversee all appeals to Allotment Forum decisions.

### **Proposal Statement 7 – Policies**

The Forum must act in accordance with all existing and any new Council policies for the Allotments and ensure that all tenants comply with the policies.

It is the responsibility of the plot holder to inform The Forum of any change of address and update any other information relevant to their tenancy, such as illness or incapacity. Any communication will be sent to the latest address provided, and will be deemed by Briercliffe with Extwistle Parish Council to have been delivered to the plot holder.

### **Proposal Statement 7 – meetings**

The Forum is responsible for all arrangements for Forum meetings, such as booking a venue, collating an agenda, providing notice of the meeting and keep an accurate set of minutes of meetings. The Forum minutes must be made available to the Council on request.

A Council representative will be permitted to attend Forum meetings, however there will be no automatic right to speak at Forum meetings.

The Council's Allotment Committee will be disbanded. Joint meetings of the Council and the Forum will be convened as required.

A Forum representative will attend Council meetings and provide a feedback report on the actions taken by the Forum, these will include but are not limited to:

- The total amount of rent collected;
- The number of new applicants and the number on the waiting list;
- A list of all tenancies terminated and the reason for the termination;
- The Minutes of the Forum meetings;
- A satisfaction report for the Lengthsman Allotment days and approval of payment for these;
- A prioritised list for allotment maintenance with costings where required.

Council refers to the Briercliffe with Extwistle Parish Council.
